Our school is taking part in the Michigan Profile for Healthy Youth Survey the week of November 27th, through the Michigan Department of Education. The research survey will ask about the health behaviors of 7th, 9th, and 11th grade students.

Please see the attached form for more information. Copies are also available in the main office and since the survey is voluntary, a student would only need to return this form if you do not give your child permission to take the survey.

Parent Square

Dear Families,

We are excited to announce that we adopted a new form of school-to-home communication at Madison District Public Schools.

ParentSquare is designed to keep parents informed and facilitate participation at school. It provides a safe way for the school principal, teachers, staff, and parents/guardians to:

- Send and receive school and class information
- Share pictures and files
- See calendar items
- Sign up to volunteer
- and much more . . . all in one centralized place!
