1. have the District advise you of your rights under federal law;
2. receive notice with respect to Section 504 identification, evaluation, and/or placement of your child
3. have an evaluation and placement decision for your child based upon information from a variety of sources and which is made by a team of persons knowledgeable about the student, the meaning of evaluation data, and placement options;
4. have your child receive a free appropriate public education, which is the provision of regular or special education and related aids and services that are designed to meet individual educational needs of your child as adequately as the needs of students without disabilities are met, if the child is Section 504 eligible;
5. have your child be educated with non-disabled students to the maximum extent appropriate, if the child is Section 504 eligible;
6. have your child take part in and receive benefits from the District without discrimination on the basis of disability;
7. have your child educated in facilities and receive services comparable to those provided to non-disabled students;
8. examine all relevant records of your child, including those relating to decisions about your child's Section 504 identification, evaluation, educational program, and placement; and obtain copies of those records at a reasonable cost, unless the fee would effectively deny you access to the records;

11. have your child given an equal opportunity to participate in nonacademic and extracurricular activities offered by the District;
